SUMMARY

Senior Solutions Architect with 7+ years at AWS, specializing in Compute optimization, Graviton migrations, and partner integrations. Delivering scalable architectures and customer-facing solutions across cloud platforms. Known for achieving 30–60% gains in performance, efficiency, and adoption through hands-on execution and technical leadership.

EDUCATION

Georgetown University, McDonough School of Business Master of Business Administration	Washington, DC <i>Aug 2021 – May 2023</i>
Columbia University M.S. in Computer Engineering	New York, NY <i>Aug 2017 – Dec 2018</i>
University of Louisville B.S. in Computer Engineering and Computer Science	Louisville, KY <i>Aug 2013 – May 2017</i>

PROFESSIONAL EXPERIENCE

Amazon Web Services Senior GTM Specialist Solutions Architect, Compute	Arlington, VA <i>Jan 2025 – Present</i>
- Led executive and hands-on workshops on AWS Compute optimization, helping customers identify cost, performance, and architectural tradeoffs across instance families. - Led migrations for gaming, media, and entertainment customers from x86 to AWS Graviton (Arm), delivering up to 60% improved price-performance. - Built customer-facing proofs of concept to validate workload performance and cost improvements using APerf and open-source benchmarking tools. - Authored best-practice content for AWS Batch and emerging Compute services, and automated task logging and customer outreach using AI agent hooks and MCP servers, reducing team overhead by 30%.	

Amazon, Buy with Prime Manager Solution Architecture	Arlington, VA <i>May 2021 – Jan 2025</i>
- Managed and mentored a team of 5 Solutions Architects, delivering a reusable blueprint application that reduced partner integration timelines by 30%. - Designed and delivered a Re:Invent 2023 workshop using AWS CDK and AppSync to simulate Buy with Prime APIs, achieving a 5/5 customer satisfaction score. - Designed and documented a production solution architecture now used by dozens of partners, resulting in 60% performance improvements based on partner feedback. - Led the first integration of Buy with Prime and partner APIs that helps customers manage their orders on Shopify.	

Amazon Web Services Cloud Consultant, Professional Services Public Sector	Arlington, VA <i>Aug 2018 – May 2021</i>
- Engaged with customers to rethink their Data Lake Architecture. Created and demoed AWS CloudFormation scripts, AWS LakeFormation infrastructure, AWS Glue workflows, and Amazon Sagemaker notebooks running PySpark as deliverables to the customer. Resulting in Customer Satisfaction Score of 10/10. - Published and delivered an Amazon Sumerian Dynamic Virtual Teaching solution, including an AWS Blog, IaC templates, and deployable assets. - Developed on top of a media analysis solution to tailor to the customer's needs. Added SSO and ADFS federation. Integrated Textract and Comprehend into media analysis pipelines, enabling 65% faster metadata extraction. - Built a custom chatbot supporting pandemic relief programs, reducing call center volume by 60%.	

CBS Interactive Software Engineer	Louisville, KY <i>Jun 2017 – Aug 2017</i>
- Developed 2 backwards-compatible Symfony bundles with PHP to improve the AB testing workflows. - Delivered backend features and UI enhancements supporting both developers and business stakeholders. - Managed work tracking in Jira and CI/CD deployments via Bamboo.	

Humana Database Administration (DBA)	Louisville, KY <i>Jun 2016 – Aug 2016</i>
- Parsed through hundreds of thousands of unstructured SQL queries using Python in Hadoop - Analyzed metadata found using Tableau and presented findings to the DBA team and supervisors - Documented architecture of system produced for future automation of discovery	

TECHNICAL SKILLS

- Cloud:** AWS Serverless \ CloudFormation \ CDK \ Terraform \ Azure \ GCP
- Frameworks:** HDFS \ NodeJS \ Express \ Vue \ NextJS \ Bootstrap \ PyTorch \ LangChain \ HIPPA \ PCI
- Languages:** Python \ SQL \ JavaScript \ TypeScript \ Java \ HTML \ CSS \ PHP \ Go
- Databases & Reporting Tools:** Oracle \ MySQL \ SQL Server \ Netezza \ Tableau \ Data Lake \ Splunk \ Redshift
- Experience With:** Github \ Docker \ Kubernetes \ VMWare \ Visual Studio \ IntelliJ IDEA \ MCP \ MLOps \ CUDA
- Certifications:** AWS Certified SA \ AWS Certified AI Practitioner \ AWS Certified DevOps Engineer Professional
